ALUMINIUM

Designed and made to survive in the harshest conditions, the CooCase X-series aluminum cases sets itself apart from most cases with its minimalist design. CooCase X-series seeks to accompany riders on journeys to provide us with the simplest pleasure of enjoying the ride without having to worry about the baggage brought along. Fully waterproof and complete with soften interior lining, the CooCase X-series ensures the safety of your belongings no matter which road you choose to take.

COOCASE X SERIES

This is the CooCase difference. Designed with you and your journey in mind.

coocase

Storage and security redefined for motorcycles – Coocase does more than just storing a rider's belongings. These cases offer true protection. Say goodbye to the jacking of the locks of topcases with the brilliantly designed locking system.

Remote controlled locking system complete with security alarms deter robbery and thievery, and the case itself is made of a composite few times stronger than that of an average topcase.

Coocase also allows for customization of over 20 colours with its removable top panel, as well as 3 led light covers, giving it the ability to match any motorcycle.

You know, they say that there is a bike for every rider out there. As of now – there is a topcase for every bike as well.

## ILOC SYSTEM

### iLoc system

The revolutionary iLoc system, a locking mechanism technology cleverly designed by coocase integrated in all luxury models simply has to be experienced.

- Lock or unlock your top case conveniently with electronic remote control.
- Easy opening of top cover with just a single push of button.
- Integrated security alarm with flashing LED warning.
- Automatic self-locking function.
- Unlike other external locking bracket systems, the iLoc is designed to lock from the inside of the case ensuring absolute difficulty for prying.
